

# YMCA AAU YOUTH BASKETBALL

## Middle School & High School Players | Boys & Girls Fall Tryouts: **September**

Our competitive AAU program provides an inclusive, full-service, developmentally-tiered basketball experience – combining professional coaching, safe and accessible facilities, healthy competition, and an environment of growth & enrichment.

Depending on the season, age, and developmental track of each team, squads will navigate a combination of practices, friendlies, tournaments, sports performance training, and league play throughout the season.
